# Racing and Chevrolet

It's been a winning tradition for 100 years. "Before Chevrolet was a brand, Louis Chevrolet and his brothers made a name for themselves behind the wheel of a race car," says Jim Campbell, GM vice president of Performance Vehicles and Motorsports.

## **Racing Directly Influences Chevrolet Production Vehicles — and Vice Versa**

What we learn on the track continues to improve the Chevy you drive on the street. We don't just test Corvette ZR-1 to its limits at Germany's challenging Nurburgring – we also tune suspension systems of Camaro SS and ZL1, and Cruze on the same track. Corvettes that race in the American LeMans Series have been co-developed with the Corvette Z06 you can buy in any Chevrolet showroom. The small-block V8 that dominates NASCAR competition and the small-block V8 under the hood of Camaro and Corvette share a basic architecture and DNA that dates back to 1955. Chevrolet offers more E85-capable cars and trucks than any other manufacturer. And, ethanol-blended fuels are now approved for NASCAR, Indy and ALMS series racing. In any series we compete in, our ultimate goal is to take what we learn and apply it to the cars and trucks our customers drive.

### **ALMS — where the world's exotics chase Corvettes**

Corvette Racing is America's premier production sports car team, going head to head with Ferrari, Porsche and BMW. The ALMS Corvette race car is clearly related to the production Corvette. In fact, the foundation for the C6R race car is the aluminum chassis used by the production Corvette Z06 and ZR1. To date, Corvette Racing has won eight American Le Mans Series manufacturers and team championships, and seven driver championships. Corvette Racing has also enjoyed international success in the 24 Hours of Le Mans, the world's leading sports car race, with six class victories since 2001.

## **From the editor**

I have said this to many of our club members but I think I need to say it to a wider audience. We are a large club with diverse interests. There are many occasions when we don't see eye to eye on things. But you have to remember what we all have in common: we are all proud to be members of the Cornhusker Corvette Club. We have all benefited from participating in the social and competition opportunities provided by the club. These opportunities don't just happen. There is a dedicated number of members who volunteer their time to make sure there are plenty of activities for everyone.

Gene did a good job in the last newsletter highlighting all the reasons we, as members of Cornhusker Corvette Club, have to be proud. We have donated generous sums of money to the Nebraska Kidney foundation as well as the Wounded Warrior Program. Alzheimer's and cancer programs have benefitted from club fund raisers as well. We have participated in parades to show our pride in the club and our communities. As Gene stated we are one of three clubs that have won the Duntov award.

We have had club members serving as Regional Officers and National Officers. We could not do that without the solid base provided by our club. Again it is the passion that we have for the club and our Corvettes that drive us to serve and try to make this the best possible experience for all.

Continue to be passionate about our club.

Kathy Brisbois

## **Cornhusker Corvette Club General Meeting, December 15, 2011**

**Prior to the meeting, Mike Ankona and Ryan Wilson from H & H Chevy talked to us about new cars for 2012 and the maintenance area at H & H. They also had a short question and answer period.**

**President, Gene Gau**, brought the meeting to order with a moment of silence in memory of Diego. He announced that services for Diego will be held tomorrow. Members recited the *Pledge of Allegiance*. He thanked members for donating prizes for tonight's drawing with special notice for Vic Larsen who always donates a few bags of popcorn. Gene introduced guest and new advertiser, Mike Quine. Dale Williamson was introduced as a new member.

Those celebrating birthdays this month are: Maryann Angeroth, Cheryl Sondyj, Ed Olsen, Nancy Bronner, Don Bowden, Tom Horeis, and Don Nelson.

**Secretary, Patti Bena**, was not present. Gene asked for a motion to approve the minutes as published in the newsletter. Teresa Eller made the motion with a second by Jon Manz. RSVP for the banquet can be turned in tonight to Ken Bena.

**Vice President, Don Angeroth**, stated that it has been an honor to serve and thanked members for the support he has received as VP. It was an enjoyable time. Also, the awards banquet will be held on January 8th. Be sure and get your RSVP turned in. Drinks start at 5:30 to show up early.

**Points Chairman, J.B. Benedict**, reported that WR points are current and posted on the WR website. CCC points will be finalized after the Christmas gift exchange this weekend. 27968 are the number of club points posted on the NCCC website for the club. The second place club, Oklahoma City Corvette Club, has 13,718 points. Gene is #7 in national points; Jon Manz is in 10th place; Erv Gunderson is in 21<sup>st</sup> place; Jerry Koraleski is in 28<sup>th</sup> place; Don Angeroth is in 30<sup>th</sup> place; and Joe Eller is in 49<sup>th</sup> place. For the ladies, Kathy Gau is #3 in national points; Marie Manz is in 6<sup>th</sup> place; Maryann Angeroth is in 22<sup>nd</sup> place, Cindy Kohlscheen is in 25<sup>th</sup> place; and Kathy Brisbois is in 38<sup>th</sup> place. That lists all club members in the top 50 in the nation.

**Activities Director, Ed Olsen**, had no report.

**Summer Festival Co-Chairman, Andrew Schmidt**, had no report.

**Public Relations Director, Jon Manz**, had no report.

Gene announced that the Bel-Air banquet hall was hosting a New Year's Eve celebration for anyone wanting to participate.

**Governor, Gary Brisbois**, stated that not much was happening at the national level at this time. The West Region banquet is planned for March 24<sup>th</sup> in Omaha. The flyer is on the WR website. The 2012 National Convention will be in Topeka. There is a need for volunteers for a variety of functions. They are trying to set up the schedule of volunteers so that no one has to work more than 3 or 4 hours. There are going to be lots of parties, sight seeing and competition. For details, check on the NCCC website. Gary also thanked all the workers who were a large part of the clubs success this year.

**Treasurer, Tom Horeis**, presented the financial reports for the month. Sanctioned events raised a significant amount this year. From the proceeds we donated to scholarships at Southeast Community College. Funds were donated to the Mapleton, Iowa tornado recovery. The Wounded Warrior Project was another of the recipients of funds from sanctioned events. The Nebraska Kidney Foundation was also given \$5,500 this year with additional money contributed for gift cards for families for Christmas. We also purchased equipment with the proceeds from sanctioned events. It looks like we will be above the budget at the end of the year and Tom made a motion to donate additional funds to the Kidney Foundation. Carl Bertch suggested that some of the surplus be donated to the Cancer Society since we all know someone who has been affected by this disease. Andy Schmidt stated that he would like to see the money donated to a local charity. After discussion, the motion was amended to include funds for the Nebraska Kidney Foundation, the Cancer Society and the American Heart Association. Bill Anderson seconded the motion and the membership voted to approve the motion.

**Members at Large, Gary Ferguson and Randy Williams**, had no report.

**Social Directors, Kevin and Jayne Reit**, reported that the Christmas pageant was a success with lots of animals and a great production. The club Christmas party and gift exchange is scheduled this weekend at Cascio's. January 28<sup>th</sup> is the annual banquet. The 4<sup>th</sup> Saturday in February is the melodrama at Sokhol Hall. Thanks for all your support. We have had fun as your social directors.

**Webmaster, Joe Eller**, had no report.

**Editor, Kathy Brisbois**, reported that all newsletters for the year have been mailed. Thanks to all members who have contributed articles and pictures this year. She also stated that Maury Luther, Denny Luther' father passed away. Steve Simcoe, who was previously a club member also passed away. Please keep these folks in your thoughts and prayers.

**RCD, Jerry Koraleski**, reported that it is very quiet on the national scene. The VP of Competition is verifying points. Jerry also stated that he is giving up all duties of club editor and thanked everyone for letting him take their pictures over the years.

**Membership Director, Marie Manz**, reported that there were no new members this month. There were 15 people that she had not been able to contact during renewals and read off their names. She asked that anyone knowing these people to please talk to her after the meeting.

**Old Business—none.**

**New Business**

Gene stated that it had been an honor to serve as president and thanked members for all their support. There was a standing ovation for Gene.

The winner of the Birthday raffle was Maryann Angeroth.

The 50/50 Raffle winner was Teresa Eller. (\$116 to the Kidney Foundation and the \$116 to the winner.)

Meeting was adjourned.

Why do we love children?

While taking a routine vandalism report at an elementary school, I was interrupted by a little girl about 6 years old. Looking up and down at my uniform, she asked, 'Are you a cop? Yes,' I answered and continued writing the report. My mother said if I ever needed help I should ask the police. Is that right?' 'Yes, that's right ,' I told her. 'Well, then,' she said as she extended her foot toward me, 'would you please tie my shoe?'

They didn't have "the green thing" in her day.

Back then, they returned their milk bottles, Coke bottles and beer bottles to the store. The store sent them back to the plant to be washed and sterilized and refilled, using the same bottles over and over. So they really were recycled. But they didn't do the green thing back her day.

The Mako Shark and the Mako Shark II were Corvette 'concept cars'. Both the 1961 Mako Shark and its successor (1965 Mako Shark II) were beautiful functioning Corvette concept cars. Important styling cues had been taken from both.

1953 Corvettes were offered in any color you wanted... as long as it was Polo White with Red interior.

The 1966 Corvette was not eligible for the SCCA Trans Am, due to the upper limit of 5.0 liter on engine displacement. Chevy's only eligible car was the Corvair.

1972 was the only year air conditioning was available with the LT1 engine and since only 240 were so equipped, this combination is a rare find today.
